

Containers for Wine Production

From harvest to storage to fermenting,
Saeplast has the right bin for you

Quality can be maintained – Cheers to that!

The North American made Saeplast Containers are manufactured with ease of use and Food Safety in mind.

They are a great solution when it comes to handling your grapes:

- Food safe – made with food grade polyethylene.
- Smooth wall construction – easy to clean.
- One piece construction – durable and long lasting.
- Stackable – saves floor space.
- Rotate and dump in one motion.
